

# At MGP we Believe that People drive Success

*And we play a role in developing individual effectiveness*

*To our clients, partners, and family members:*

*When MGP was started in 1998 I was a 'young' professional that knew more about technology than being an effective leader. As I embarked on creating a shared-services model for local-government I knew I had to expand on my skills and grow my circle of influence.*

*Two leadership programs were identified in 1999 to help me on this journey – Dale Carnegie and Stephen Covey's The 7 Habits of Highly Effective People. Of course there are many other programs and experts that are used in my professional development, but 7 Habits remains the cornerstone for me. I believe it is timeless because it is based on principles not simply techniques and quick fixes.*

*Beginning in 2016 I am pleased to announce that MGP will be offering The 7 Habits of Highly Effective People Signature Edition to our valued clients, business partners, and family members. And we will be doing this in a way that only MGP can do – at a fraction of the cost. I hope you join us in the ultimate journey of developing people to reach their greatest potential.*

*Sincerely,  
Tom Thomey  
Owner & President, MGP Inc.*

*Sharpen the Saw*

*Synergize*

*Seek First to Understand  
Then to Be Understood*

*Think Win-Win*

*Put First Things First*

*Begin with the End in Mind*

*Be Proactive*

**THE 7 HABITS**  
of Highly Effective People®

SIGNATURE EDITION 4.0

Build leaders at every level in your organization.
